

Milnor – Single-Stage Membrane Press

Benefits

Saves time, removes more water

Large diameter cake allows for fast drainage.

Saves space

Compact design requires less space.

Microprocessor is flexible, easy to use.

Proven microprocessor control provides 16 programmable extraction sequences. Forty-character, alphanumeric display.

Faster repairs mean less downtime

Superior product support through local, highly-skilled dealers.

Specifications

Rated Capacity	90.0 - 110.0 lb.	41 - 50 kg
Dimensions and Weights		
Approx. Net Weight	24,400.0 lb.	11,068 kg
Overall Width	91.93 in.	2,335 mm
Overall Depth	108.00 in.	2,743 mm
Overall Height	147.50 in.	3,747 mm
Run Height	147.50 in.	3,747 mm
Press Specifications		
Hydraulic pump motor	15.0 HP	11.2 kW
Recirculation motor	2.0 HP	1.5 kW
Conveyor motor	1.0 HP	0.7 kW
Maximum pressure	725 psi	50 bar
Nominal cake diameter	35.40 in.	899 mm
Standard minimum cycle time	75 seconds
